ITINERARY

DAY 1

Arrival in Aswan

Early in the morning, upon arrival at Aswan International Airport, you will head to the Nile Cruise to check in. Then, your guide will meet you to start your day tour to visit **the Unfinished Obelisk**. This obelisk was most likely cut during the time of Queen Hatshepsut, one of the most dominant female rulers in ancient Egyptian history.

After that, visit the majestic Philae Temple, the Centre of the cult of Goddess Isis, the chief deity of the island. The temple would have been completely submerged under the rising water if an international salvage campaign had not taken place to relocate the temple.

Then, visit the high dam. It is considered an engineering wonder, which is built during the 1960s, resulting in the largest artificial lake in the world behind it. The dam was created to secure Egypt from the devastation that the Nile flood used to cause on an annual basis. Then you will be transferred back to your cruise
