Parasailing Trip in Sharm El Sheikh

The tour starts with a brief boat journey to the location where the parasailers will be launched. Once you have signed the necessary waivers and received your instructions, you will be fitted with a harness and given a short explanation on how to use your parachute.

After you are properly equipped, it's time to begin.

The boat will depart from the shore and move into deeper waters. When the boat reaches a safe distance from land, you will be given final instructions on how to get into your harness and prepare for take-off. Once ready, a staff member will assist you onto the parasail and release it from its moorings – wahey! Then you simply jump off the boat and let gravity take over. As soon as you are in the air, you'll have a chance to take in the stunning views that stretch as far as the eye can see – and perhaps even beyond – before coming back down.

The entire experience lasts around 20 minutes, making it an excellent way to spend some time during your vacation in Egypt.
