Itinerary for Budget day trip to Memphis, Dahshour, and Felucca Ride

Your experienced guide will take you from your accommodation to start the day's tour to the Memphis Museum, where you will see the alabaster Sphinx, the second-largest Sphinx sculpture from Ancient Egypt. This impressive statue was made from eighty tons of marble blocks and represents King Ramses II, who is considered one of the greatest builders and rulers of the New Kingdom.

Next, your authorized guide will lead you to Dahshur, one of the most fascinating archaeological sites in ancient Egypt.

Here, you will explore the pyramids of King Senfru, regarded as the founder of the Fourth Dynasty, and witness the era of pyramid construction during the Old Kingdom. You will visit the Red Pyramid, which is the tallest structure in the Dahshur necropolis and the third largest pyramid in ancient Egypt. It is slightly smaller than the Great Pyramid of Giza and the Pyramid of Khafra. Additionally, you will see the Bent Pyramid, the second pyramid built by Snefru. The ancient Egyptians referred to this pyramid as "Sneferu is Shining in the South" or "The Southern Shining Pyramid," rather than calling it the "Bent Pyramid."

At the end of the day, you will enjoy a one-hour sailing boat tour before being transferred back to your hotel.
