Meidum, Saqqara & Dahshur Ancient Sites

As you leave modern Cairo behind your guide will introduce you to the history of the Old Kingdom and the royal projects that changed Egyptian architecture. This **Dahshur Saqqara and Meidum Tour from Cairo** brings together three important sites that reveal the evolution of ancient Egyptian pyramid building.

Your first stop is Meidum, home to the remains of a remarkable pyramid associated with King Snefru. Walk around the site and discover how its original stepped design was developed into a smoother pyramid form.

This **Meidum Pyramid tour** provides an interesting introduction to the experiments that shaped the pyramids of later generations.

Continue to Saqqara a vast ancient burial ground filled with pyramids, tombs, and monuments. The highlight is the Step Pyramid of King Djoser, a groundbreaking structure built under the supervision of the famous architect Imhotep.

During your **Saqqara tour from Cairo** your guide will tell you the story behind this pioneering monument and explain why Saqqara became one of ancient Egypt's most important necropolises.

The journey then continues to Dahshur, where you'll see the remarkable Bent Pyramid and Red Pyramid. Their contrasting shapes give a fascinating look at the challenges and achievements of the early pyramid builders.

This **Dahshur tour from Cairo** allows you to compare different stages of pyramid construction while discovering the history of King Snefru.
