DESCRIPTION

A lovely half-day tour to Memphis and Dahshur

To gain deeper insight into the construction of the Great Pyramids of Giza, travel back in time by roughly 200 years before the reign of King Cheops, the builder of the Great Pyramid of Giza, whose legacy continues to captivate scientists.

This Cairo Day Tour takes you to the sacred necropolis of the ancient Egyptian capital during the Old Kingdom. You will have the opportunity to explore the first perfectly constructed Red Pyramid and the Bent Pyramid at Dahshur, as well as the pyramid of Snefru, known as the Meidum Pyramid. These remarkable structures, built nearly 4,700 years ago, were designed to honor and preserve the names of Egypt's ancient rulers, who played a vital role in creating the golden age of Egyptian history.

Visit the Giza Necropolis to witness the Great Pyramids of Cheops, Chephren, and Mycerinus, as well as the Great Sphinx, a unique creature resembling a lion with a human head.

You will also explore the Valley Temple of King Khafra, which was used in the mummification process as part of funeral rites. Lunch is included during the Egypt Day Tours or at the conclusion of your Cairo Trips. On a private day trip from Cairo, you will join a tour guide to visit Memphis and Dahshur.

The Egyptian Museum in Cairo houses an extensive collection of artifacts and antiquities that span the history of ancient Egypt and beyond.

This tour offers an enjoyable and informative experience, allowing you to explore Egypt’s unique wonders, from the famous Pyramids of Giza to the Red Pyramid and the Pyramid of Meidum.

It offers a journey through the rich and fascinating history of this enchanting country.
