DESCRIPTION

Fayoum Oasis and Wadi El Rayan

We will take you to the Valley of the Whales, where you can see whale skeletons all around and take souvenir photos.

Then, we will take you to Wadi El Rayan, which offers a stunning view that you can't find anywhere else. It features two lakes connected by waterfalls, and it's a breathtaking sight as it's a rare glimpse into the Western Desert. Enjoy a wonderful day trip to the Fayoum Governorate to experience the true beauty of the green landscape amidst the desert, followed by a delicious lunch in an Egyptian village called Tunis.

The Fayoum Governorate is known for its several beautiful oases, such as the Al Rayyan Oasis and the New Valley Oasis.

Visitors can enjoy charming landscapes and experience activities like camel riding or relax by natural lakes.
