DESCRIPTION

The Giza Pyramids are among the most well-known landmarks in Egypt, situated just outside of Cairo. These pyramids represent some of the biggest and most remarkable structures ever created by people. The Great Pyramid of Giza, in particular, is a remarkable example of engineering. It was the tallest building in the world for more than 3,800 years.

This tour includes the opportunity to explore the interior of the Cheops Pyramid, where you can visit the King's Chamber and other significant areas.

After the tour, you will take a camel ride through the Sahara Desert and enjoy a delightful lunch.

1- The pyramids were built as burial places for Pharaohs and their queens.

After their death, their mummies were placed inside these structures along with valuable items and tools believed to be necessary for the afterlife.

2- The Giza Pyramids are a major tourist site and continue to inspire both visitors and scholars around the world.
