A lovely day trip to the Saqqara Necropolis from Cairo

Make the most of your vacation by joining one of our well-organized tours to the Giza Pyramids, where you can visit the Saqqara Necropolis from Cairo and experience the grandeur of ancient Egyptian history with our Egypt Day Tours.

The tour includes a visit to the Pyramids of Giza and the Great Sphinx, as well as three tombs located on the Giza Pyramids. The city of Giza has developed a real cemetery city, featuring tombs, temples, roads, and sidewalks. Participants will have the opportunity to explore the historic pyramid and understand its role in the history of ancient Egypt within the Saqqara Necropolis.

We offer a variety of activities in Saqqara, the renowned necropolis of the ancient Kingdom from the third dynasty. This includes the Step Pyramid of Djoser, the oldest pyramid ever built and attributed to Egyptian civilization, which attracts many tourists during their Egypt tours. You will also discover the Pyramid of Unas, the Egyptian pharaoh Unas, the ninth and last king of the Fifth Dynasty. This historical site, located near Cairo, contains numerous tombs, temples, and monuments dating back to the Old Kingdom of Egypt.

The Tomb of Idut (Idu) is famous for its colorful scenes that depict daily life activities, including fishing, scribes, a statue of the Princess, agricultural activities, papyrus harvest, livestock, and butchers.

The pyramid of Teti at Saqqara, the founder of the Sixth Dynasty who ruled Egypt after Pharaoh Unas, followed the example of Unas.

The central masonry of the pyramid was made of tightly packed stone blocks, enclosed in fine limestone, and included a lot of kings.
