DESCRIPTION

Day tour to Meidum and Dahshur Pyramids from Giza

Join us on an exciting day trip to explore the ancient Meidum and Dahshur pyramids, located near Giza. The journey begins with a comfortable drive to Meidum, where you will see the distinctive stepped pyramid, considered one of Egypt's first pyramid structures.

As you explore, you will gain insight into the architectural brilliance and historical importance of this site, guided by a knowledgeable expert.

Your tour then continues to Dahshur, where you will visit the famous Bent Pyramid and the Red Pyramid. These structures provide valuable understanding of the development and changes in pyramid construction over time. The ancient Egyptians believed in the afterlife and the idea of resurrection, which is why they built pyramids to serve as tombs for their rulers, enabling them to continue their existence in the next life.
