Daily Details for Travel Tour and Activities

Day trips in Sharm El Sheikh

From the start of the day, you will be picked up from your hotel by an air-conditioned vehicle to begin your day's adventure with the first activity.

Parasailing trip:

Enjoy an exciting and memorable vacation filled with fun activities in Sharm El-Sheikh.

Parasailing is one of our most thrilling experiences here. During this activity, you will be attached to a speedboat with a parachute, allowing you to soar above the water and enjoy a bird’s-eye view of Sharm El-Sheikh’s beautiful beaches, clear skies, and vibrant coral reefs. You can ride the parachute alone, with one other person, or with two others (maximum total weight of 160 kg per ride).

Banana boat trip:

The Banana boat activity is designed for up to five people and includes necessary safety equipment and life jackets for each participant.

The Tube activity is for three people and also comes with safety gear and life jackets. Both the Banana boat and Tube are pulled by a speedboat, offering an exhilarating ride with bursts of speed and occasional spins for added excitement.

After that, you will be taken to a fine-dining restaurant for an Egyptian-style lunch.

Next, you will travel to the desert for an unlimited quad biking safari during the sunset.

The adventure continues with a night show featuring belly dancing and a BBQ dinner.

Finally, you will be returned to your original drop-off location, marking the end of our services.
