ITINERARY

DAY 1

Enjoy the best day tour to Fayoum from Sharm El Sheikh

Your Sharm el-Sheikh excursions will start when our Day Tours Egypt guide meets you in the lobby of your hotel early in the morning.You will then be taken to Sharm el-Sheikh airport, where you will board a flight to Fayoum and visit the remarkable Fayoum Oasis.

Your first stop will be the Fayoum Oasis.

If you're looking to escape the city's busy environment, this large area, known for its many lakes and canals, makes for an excellent weekend or day trip.Furthermore, from Fayoum, you will explore Egypt's Western Desert, offering a relaxing experience.

Next, you will visit the Western Desert of Egypt’s Wadi Al-Hitan, also known as Whale Valley.

This is a site of great importance, as it contains important fossil remains of the earliest and now extinct suborder of whales, the Archaeoceti.It is considered the most significant location worldwide for displaying this stage of whale evolution.The fossils here reveal the shape and lifestyle of these whales as they transitioned from land to water.The fossils are rare in this area due to their abundance, high quality, concentration, and ease of access, all set against a beautiful and protected natural landscape.

Finally, you will travel to Wadi Rayan, a region well-known among geologists and archaeologists for its rich collection of marine fossils and ancient artifacts.

You will also have dinner in Tunis, a small village located within the Fayoum oasis.The village sits on a hill overlooking a large saltwater lake, with a breathtaking view of the desert landscape on the other side of the lake.It is one of the most picturesque places in Egypt.

Your tour guide will then drive you back to the airport so you can catch your flight back to your Sharm el-Sheikh hotel.
