Bird Watching Tour in Aswan

We pick you up from your hotel in Aswan early in the morning, when the birds are most active and the air is still cool. Your guide takes you to the riverbank, where a boat is waiting, and we set off onto the Nile. At this hour the water is calm, the light is soft, and the granite rocks and palm trees look their best.

The boat takes you slowly between the islands and along the reedy banks, which are some of the best places around Aswan to spot birds. Herons, egrets, kingfishers and hoopoes are common, and with a bit of luck you'll see more unusual visitors depending on the season. Your guide knows where to look, points out each bird and tells you a little about its habits, and you can use binoculars to get a closer view. Stop whenever you like for photos, and don't worry if you've never tried bird watching before, because it's a quiet, easy way to enjoy the river.

After a few relaxing hours on the water, we bring you back to the shore, and then we drive you to your hotel.
