DESCRIPTION

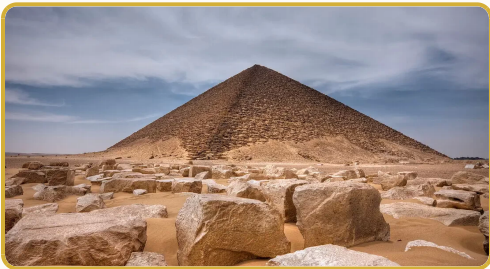

Enjoy a wonderful Egypt tour to Cairo, where you can explore the country's rich history, visit the Giza Pyramids, and see the Great Sphinx on the Giza Plateau.

This area is one of the main attractions in Cairo and has been a significant site for thousands of years. The Great Sphinx is believed to have been built more than 4,500 years ago, alongside other famous structures such as the Step Pyramid in Saqqara, the Bent Pyramid, and the Red Pyramid in Dahshur.

Immerse yourself in the grandeur of Egypt's ancient past with an impressive light and sound show.

This display brings ancient monuments and architectural wonders to life through vibrant colors and music. A detailed narration reveals fascinating legends and myths from this ancient civilization, offering a memorable experience that takes you on a journey through time.

DAY 1

Day tour to Cairo from Sharm El Sheikh

Your tour guide will meet you in the hotel lobby early in the morning to start your day of memorable sightseeing in Sharm El Sheikh. You will be taken to Sharm el-Sheikh Airport to catch your flight to Cairo and begin your day tours there. Upon arriving at Cairo International Airport, a representative from our company will be waiting for you with a sign showing your name to assist with the immigration process. You will then be taken to the location of your private English-speaking tour guide, who will meet you and accompany you throughout the day as you explore Cairo's main attractions.

First, you will visit the Great Sphinx and the Pyramids of Giza, two of the world's most famous tourist sites, which have been attracting visitors since Roman times.

Each of these grand structures was built as a tomb for a king from the fourth dynasty, which existed around 2613 to 2494 BC.

Next, you will visit the Step Pyramid in Saqqara, one of Egypt's most important archaeological sites.

Although it is not as large or well-known as the Giza Pyramids, it is older and plays a significant role in understanding the evolution of pyramid construction.

After that, you will go to the three main pyramids in Dashur.

The Red Pyramid is the tallest among them. The name comes from the reddish color of the local limestone. The third-largest pyramid in Egypt, located in the city of Giza, was built later. When it was first completed, the Red Pyramid was the tallest stone structure in the world. Locals refer to it as the "pyramid of bats."

You will then visit the Bent Pyramid, one of the three pyramids built by King Snefru, a well-known Egyptian structure.

It is called the "bent pyramid" because the ancient Egyptians initially designed it to rise at an angle of 58 degrees. However, during construction, when the structure was about halfway complete, the angle was changed to 43 degrees for the upper part.

Finally, you will enjoy a spectacular light and sound show.

After that, your tour leader will return you back to your hotel in Sharm El Sheikh.
